

The Gateball Academy at Broadbeach celebrates its 100th!

Since 2007, the Gateball Academy at Broadbeach has provided a range of courses covering strategy, skills and referee qualifications training for Gateball players.

A popular course is the Rules and Refereeing course that helps Gateball players understand the Rules and assists in their preparation for the Referee accreditation examinations.

Another course that focuses on team strategies and captain skills has attracted many Gateball captains and players interested in understanding the game strategy fundamentals. And for new Gateball enthusiasts, there is a course covering basic playing skills, basic rules and game fundamentals.

These courses are usually conducted at the Broadbeach Croquet Club on Queensland's Gold Coast although some Gateball players have arranged special courses at other Club locations.

Recently, the Academy achieved its 100th participant. Geoff and Jennifer Morris from the Eildon Croquet Club in Brisbane attended a Game Strategies and Captain Skills course as the 99th and 100th Gateball player to benefit from the Academy's training.

Keith McLeod, the Academy founder and tutor, said: 'Geoff and Jennifer have attended all 3 courses at the Academy and it is a pleasure to honour them as the 99th participant and the 100th participant. Geoff is looking forward to participating in the upcoming World Gateball Championships in Shanghai, China as a member of a Queensland-based Australian team'.

Courses at the Academy are regularly scheduled and promoted to all Gateball players.
